

CLIENT FOCUS:

## ANIMAL CARE IN EGYPT (ACE)

### ABOUT THE CLIENT

Animal Care in Egypt, ACE, is a small charity in Luxor that provides free veterinary care for thousands of vulnerable working animals. 15 years ago, ACE was founded by Julie Wartenberg and Kim Taylor after witnessing first-hand the trouble many animals here encounter.

Temperatures can soar, meaning that horses with heavy workloads and lack of regular water often collapse from heatstroke. Poor quality roads and a norm of reckless driving, also lead to an abundance of casualties.

ACE supports animals through their recovery and rescues those abandoned and injured. Preventative measures such as community education are additionally used in an attempt to reduce the regularity of maltreatment, neglect and injury.

### WHY EVANS WEIR?

ACE selected Evans Weir because of their friendly and helpful approach. Starting a company is one thing, but starting a charity introduces an added level of complexity. Evans Weir was able to clarify the documentation and procedures which were needed for the type and size of the charity and also provide guidance on on-going accounting and charity commission requirements.

### THE SERVICE PROVIDED BY EVANS WEIR

Evans Weir manage the full annual mandatory statutory accounts preparation for ACE.

- Business Advice

*“Evans Weir was able to clarify the documentation and procedures which were needed for the type and size of the charity”*

**Kim Taylor**  
Trustee, ACE

### ACE ON EVANS WEIR

Split between two countries with staff in both locations, and governed by two sets of business and charitable regulations, administration for ACE is not straight forward. Evans Weir enables those working with ACE to be able to continue to focus their efforts on the charities mission.
